

St. Maries Jt. District #041

Benewah County

240 North 11th Street, St. Maries, ID. 83861

Phone: (208) 245-2579 Fax: (208) 245-3970

Dave Cox, Superintendent

Superintendent's Highlights

School District #41 continues to be committed to the progress of quality education. The District's Strategic Plan is updated annually, with progress/benchmarks documented formally at least twice per year.

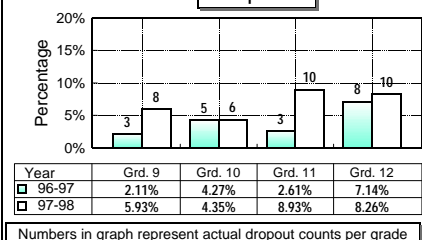

Exceptional standards for administration and instruction are emphasized, with a goal toward continuous improvement. Annual building, program and staff "Goals for Improvement" are networked with the Strategic Plan. Progresses toward all goals for improvement are assessed on an annual basis.

Student Profiles

Ethnicity

Race	Male	Female	Total

Warned	0	Average Daily Ridership 1996-97	817
High School Graduates:		District Owned Operation	
High School Diplomas-Regular	98	* Certificates of Completion issued at a district level	
Other Completions*	0	** Limited English Speaking (LEP)	

Progress Towards Meeting District Goals

1997-98 Goals

Progress

Curriculum to provide the opportunities for all students to reach their maximum potential in all academic areas.

Individual student abilities continue to be assessed, with placement in proper programs currently available. Additional programs continue to be developed to enable all students to reach their maximum potential.

Present a Facilities Improvement Levy to the District's patrons with plans for multi-purpose building construction at St. Maries Middle School, perimeter fencing at UpRiver School, and Track and Field Facilities at St. Maries High School.

Levy passed, with construction to commence early 1999.

Develop educational partnership to involve the community in the schools, and the schools in the community.

A strong partnership with the community has been developed. Community members are involved in all aspects of the education process, including curriculum development and revisions, technology planning, facilities improvements planning, and moving classrooms into the community and the community into the classrooms. Annual community career days are conducted at all levels.

Implement programs for improved technology among staff members.

All certified staff will be offered individualized training to improve technology applications. A technology coordinator has been hired for a two-year program to support staff training. At the end of the training, all staff will be ready to take Idaho's Computer Competency Exam.

Locate and incorporate various funding avenues to gain additional revenue to finance our District.

Numerous applications for various grants have been successful for our District, including a grant from the Albertson's Foundation in the amount of \$87,000.00, all in an effort to provide additional resources for our students.
